DIFFERENCES BETWEEN RAW SPACE AND PRE-FITTED STANDS

Companies that have booked **raw space without fitting**, will have exclusively the given surface area available to build their own stand, the perimeter of which will be marked out on the floor with adhesive tape.

There are no partition walls between stands.

Companies that have booked a **shell scheme booth** will have available an already set-up area, including the equipment specified on the application form.

The official supplier of the exhibition is HENOTO. Here follow the direct contacts:

Tel. +39 049 5801243 – mecspe@henoto.com

SET-UP FOR RAW SPACE

The exhibition will take place from 4 to 6 March 2026 at the Bologna Exhibition Centre.

WASTE MANAGEMENT

Setting-up and dismantling

Exhibitors/Standfitters/Suppliers are prohibited, during all phases of the event, from abandoning waste materials and/or special waste in the exhibition areas and perimeter areas of the Exhibition Grounds. Waste and materials remaining at the set-up and dismantling works shall be disposed of by the Exhibitor and/or its designees, and the aisles of the halls shall be kept free of any kind of waste materials or encumbrances. The disposal of waste and set-up debris is the responsibility of and at the expense of the Exhibitor and/or its designees. Verification of the correct application of the provisions, for the management of waste and residual materials, will be carried out by personnel appointed by BolognaFiere, present in each hall, during the opening hours of the Fairgrounds. Individual anomalies detected will be recorded and forwarded to the relevant internal bodies. Should the Exhibitor fail to comply with the disassembly times and/or inertia on the part of the Exhibitor in clearing the area, the Exhibitor itself gives its irrevocable consent for this to be done ex officio, considering whatever is left on the stand as waste material to be sent to public dumps, and the Exhibitor will be required to reimburse all direct and indirect expenses incurred in clearing the area, with a minimum of € 700.00 for each 16.00 m2 of area and without prejudice to any reimbursement for greater.

Exhibition

Waste produced during the exhibition must be delivered to the waste separation and recycling areas in the Exhibition Centre and separated by type (paper, glass, metal, plastic and undifferentiated).

FURNISHINGS

Stand fittings, regardless of their surface area, are classified as Standard and Non-Standard according to the characteristics listed in detail in the 'Technical Regulations' and on 'Form 0'.

For any stand set-up, the Exhibitor is required to submit to BolognaFiere the 'Form 0', which can be downloaded from the Exhibitor's reserved area on the forms page of the website www.befair.eu and specifically: **mecspe.befair.eu**

In addition, in the case of non-standard set-ups, the Exhibitor is obliged to send to the Organiser and to BolognaFiere, for approval, the set-up project stamped and signed by an Approved Technician, as well as the documents required by the 'Exhibition Technical Regulations and Form 0'.

All the above-mentioned documents must be sent no later than the deadline laid down in the 'Exhibition Technical Regulations', otherwise the Exhibitor will be charged the sum of € 500.00 in addition to any costs indicated on 'Form 0'.

Maximum height of raw spaces and non-standard set-ups

Exhibitors are forbidden to close off more than 50% of the length of the individual free sides or the exhibition front with walls, furniture or display modules;

Stands may not exceed the standard height of 3,00 m.

In order to take into account the thicknesses due to raised paving, lighting fixtures, and lighting fixture supports, including latticework, an additional margin of 0,50 m. will be allowed to the limit of the height defined above, bringing it to a maximum limit of 3,50 m.

In case of higher heights or in case of non- standard booths, it is requested to send the project, signed by a qualified engineer/architect for approval, to the following address: tecnico3@bolognafiere.it and cc to tecnico@mecspe.com **no later than 3/02/2026**

Hanging items are **only** allowed in **Pav. 14-15-16-18-19-28-29-30-36-37, in halls 29 and 36, the service is partially available.** The rigging points to the pavilion structures may only be installed by BolognaFiere, which will also be in charge of inspection and approval of these points. You must send a request to verify feasibility by email to: appendimenti@henoto.com and in copy ottomanelli@senaf.it **no later than 3/02/2026**

The back of walls bordering other booths must be finished and painted in solid colour with neutral colour

There will be a link in the Exhibitor Portal in order to reach the mandatory service forms.

Fire extinguisher legal obligation:

Fire extinguisher distribution is already included in the application form to the extent required by law. Fire extinguishers will be delivered within the beginning of the exhibition.

Services included in "Mandatory technical supplies fee":

In the application form are included the following services:

- Connection, test and electric power up to 5 kW
- Fire extinguishers – the fire extinguishers installed in your stand must strictly be of type required by current legislation
- 1 WI-FI internet connection
- Ordinary cleaning of the stand (floor sweeping/carpet sweeping, dusting of worktops free of cuttler, emptying of waste bins only if left on stand)

Requests for additional KW should be made via the befair.eu website.

Insurance coverage:

The exhibition registration fee, paid together with the deposit, also includes "All Risks" and "Civil Liability" insurance cover.

The technical regulations for the event, which are available online and on the portal, indicate the maximum limits.

Should the standard coverage be deemed insufficient, it is possible to request supplementary coverage using the **Supplementary Insurance Policy** form on the mecspe.befair.eu portal.

EXHIBITOR ENTRY PASSES AND CAR PASSES FOR THE 3-DAY EVENT

Exhibitor entry passes and car passes

Exhibitors will be provided, free of charge, with entry passes in the following quantities:

- No. 30 entry passes

In addition:

- No. 1 car pass

How to get Exhibitors Entry Passes and Car Passes for the 3-day event (March 4th, 5th and 6th)

Exhibitors will be issued free of charge 30 digital entry passes and 1 car parking sticker, regardless of the size of their stand, which will entitle them to park their cars in the parking spaces provided by BolognaFiere until the space available is used up.

Exhibitor passes must be generated within the corresponding section of your dedicated personal area on the Exhibitor Portal.

The exhibitor's car parking badge - available from the first day of official set-up - can be printed online through the Exhibitor Portal, accessed from the 'Badges' section" only for companies that have paid the invoices issued for participation.

The CAR PASS will be usable by only one car per day, with no possibility of re-entry.

The exhibitor is responsible for the correct use of these documents and is also responsible for the behavior of those who use them.

Printing the entrance documents for the set-up and dismantling period – PASS:

Through the exhibition's portal, it's possible to accredit companies, people and vehicles and print the entrance documents. To receive your credential please contact: mecspe.befair.eu

To activate this procedure, exhibiting companies must use the credentials chosen by the user when accessing the system for the first time, following the instructions provided by e-mail, which will remain valid for future editions.

The exhibitors themselves will authorize the appointed stand fitters, assigning them a file after which they will be sent an email to log in to the system for the first time and choose their credentials.

If the set-up companies do not register on the site and do not send the published documentation, including the DUVRI, they will not be able to print the passes and/or tickets for access to the exhibition center.

The exhibiting companies must, before the start of the works, send the list of companies and the name of the person in charge who will intervene in the execution of the works, also using form "M - Information for the prevention of accidents at work" contained on the website mecspe.befair.eu
